Scarborough man dead, brother injured as car hits rock-cut

MINDEN — OPP had a busy week here as they investigated 136 general occurrences, 62 of these on Saturday and Sunday. 12 motor vehicle collisions were investigated, four of which had more than \$32,000 in damages, one man died, one suffered serious injuries and another was taken to hospital. **SCARBOROUGH MAN DIES IN CRASH**

At about 9:15 pm last Wednesday, July 23rd, a single vehicle accident near Carnarvon has left one man dead and his twin brother in serious condition in Lindsay hospital.

Police report a 1972 Chevrolet was southbound on Highway 35, south of Carnarvon on a gradual curve to the drivers right, when the car apparently went onto the west shoulder of the road, entering the ditch and striking a rock face.

Dead is 22 year old Gordon Mitschele of Kingston Road. In serious condition is his twin brother Karl Mitschele.

According to OPP it is still unclear as to which brother was driving the car. Damages were set at \$7,000. Coroner Dr. H. E. Good performed a post mortem on Gordon Mitschele in Peterborough on Thursday and the investigation is continuing by PC Bob Pearson.

\$24,000 DAMAGE TO TRACTOR TRAILER

Real Gaudet 33, of Boisbriand, Quebec suffered minor injuries and was treated at Minden hospital last Tuesday afternoon following a single-vehicle collision.

Gaudet, who was southbound in a new Kenworth tractor unit on Horseshoe Lake Rd 1, crossed the Mirror-Horseshoe Lake bridge and struck a rock bank on the west side. Damage has been set at \$24,000 to the vehicle. PC Al Barnes.

CARELESS DRIVING CHARGE IS LAID

About 2:15 pm on Tuesday, July 22, a two vehicle collision occurred on Hwy. 121 near Haliburton resulting in one driver being charged and damages

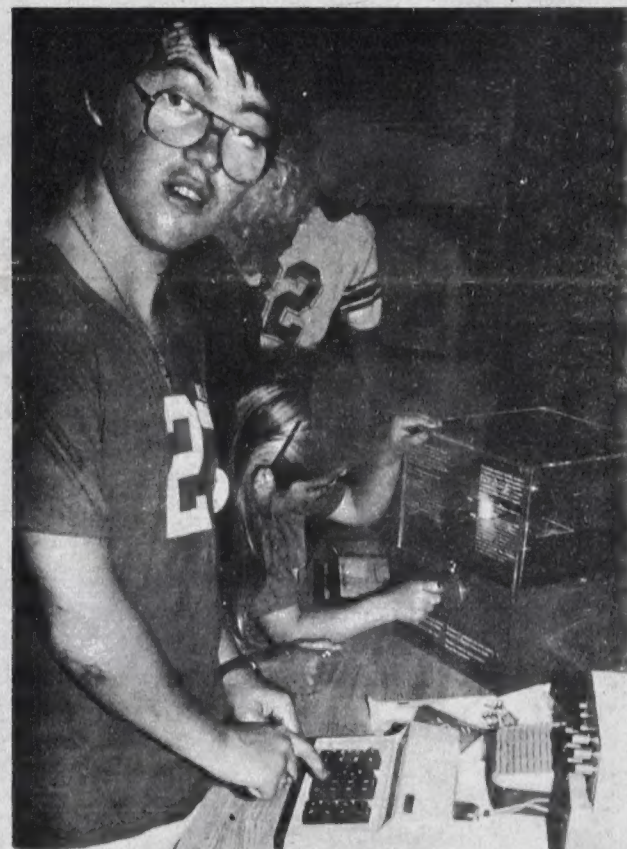

totalling \$3,300.

John H. Woods 59, of RR 1, Kingston and Alan J. Espie 16, of Haliburton were westbound in their cars when Woods stopped to allow another vehicle

to turn off the highway and Espie struck the rear of Woods' car.

Police report that Espie has been charged with careless driving following the mishap. PC B. Dunham

2nd Stanhope Fun Days enjoyed by all

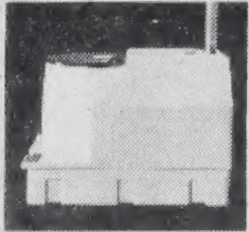

STANHOPE — The 2nd annual Stanhope Fun Day was held this past weekend and hundreds enjoyed the many attractions put on by the Fun Day Committee headed by Ann Barker. The mini-fair got underway on Saturday with a beef barbeque, horseshoe tournament, Srs. tea, craft displays, bingo and an OPP demonstration by Peterborough Constable Paul MacNell and dog "Scout." The two teamed up to put on a crowd pleasing show, featuring discipline, tracking, and the disarming of a

gunman in a mock-up with Minden OPP Constable Al Barnes as the bad guy. Also featured was a dog show that drew dozens entries, including "Buttons" and her master Kim Johnston. Buttons walked off with the smallest dog award at the show. Another big hit with the kids and adults alike was the Ontario Science Centre display held in the firehall. On Sunday, the Fun Day activities turned to the youngsters with a Funky Field Day, including three-legged races, sack races, egg races and much more.

Beaver dam break washes away Hwy.

STANHOPE — On Monday evening at about 9:30 p.m., two beaver dams broke between the 25th line and the Norley Road on Hwy. 530, causing extensive road damage by the rampaging water. The damage extended for nearly three kilometers, with most of it on the south side of the road. Murray Wruth of the Ministry of Transportation and Communications had men out manning the site

all night and told The Express that it would take at least 1,500 yards of sand and gravel to repair the water damage. The cost of the repairs is still unknown as there may be damage under the pavement itself. A third beaver dam broke around 2 am and did further damage in the same area. One cottage was moved off its foundation on the Norley Road by the force of the rushing water.

AMERICAN business ingenuity is put to work to overcome rejection of Misha, the symbol of the 1980 Summer Olympics because of the U.S. boycott of the Moscow Games. The new version decks the stuffed toy bear in red, white and blue T-shirt with hockey player and USA to commemorate the U.S. win in the Winter Olympics. The American manufacturers also have other versions to cover the political hot potato.

Road improvements, lot sizes discussed at council meeting

MINDEN — The Townships of Anson, Hindon and Minden council held their 17th meeting of the year last Wednesday evening with all members present.

A delegation from North Water Street, attended to protest the cost to them for driveway improvements which were made in 1979 when the street was hard surfaced. Bill Obee, the spokesman, advised that it was the feeling of the group that the township was solely responsible for the new entrances. Reeve Sinclair Nesbitt explained that proper ditches were mandatory for new sections of road and the account therefore was valid and payment due.

Mary Wallace of the Haliburton County Guild of Fine Arts was present to discuss the various programs offered by the Guild. She advised that the township would be approached later with respect to appointing a municipal representative to their organization.

Messrs. Browers and Hunting were in attendance with respect to the block of property on Bob Lake which the municipality is considering disposing of. Browers and Hunting agreed that a written offer for the lot would be submitted for council's consideration at the next meeting.

Gordon Monk attended with respect to incomplete road restoration pursuant to the installation of sewers. Council advised that the repairs would be held in obedience pending confirmation of the townships claim for assistance from the Ministry of the Environment.

A delegation of ratepayers from Soyer's Lake approached council and president of the association, L. McCorrison requested that council increase the frontage of lots on draft plan of subdivision hence reducing the number of lots; or alternately allow no further development until a lakeshore study has been completed by the Ministries. Council passed a resolution that recommends that the Soyer's Lake proposed plan of subdivision be increased to a minimum size of 150 feet.

A letter was received from the Haliburton — Kawartha Pine Ridge District Health Unit concerning septic systems which were installed prior to the formation of the Health Unit and therefore no records are on file with regard to type and size of sewage systems serving the premises. Council agreed

Passes truck, lands in ditch

COBOCONK — A car, driven by an 80 year old man, landed in a ditch last Tuesday morning, after going off the soft shoulder of road.

Coboconk OPP say Ministry of Transportation truck was driving down Highway 35, painting yellow lines on the middle of the road. A sign was located on the vehicle telling drivers to pass on the right.

Henry Wignall of Toronto, was driving behind the Ministry truck and when attempting to pass on the right, the car left the shoulder landing in the ditch.

Police say Wignall's car received about \$1500

that the exemption certificate would still apply to these properties and the Health Unit was to be advised that any repairs or alterations to present systems, shall not be approved; instead immediate connection to the public sewer system would be mandatory.

Council has no objections to a new business operating on Main Street and called T&L Tapes and Records, subject to all by-laws.

--	--	--	---

He sings of Canadian beauty and freedom and will play at Haliburton Legion, August 4

Whether pickin' or pluckin', singing or talking, Wiz Bryant has that certain magic that totally entertains audiences, and attracts crowds.

From his opening song, in which he transforms his native British Columbia voice into a Maritime twang, to his final number, the Lord's Prayer, he both captured and involved his audience.

Singing with a mellow, flexible voice, and playing his acoustic guitar, Bryant had the audience clapping, stomping and in some cases even singing.

Talking about his music following the show, Bryant said, "there seems to be such a need in Canada right now for people to come together. I feel that through my songs I am, in a small way, helping Canadians to feel a sense of pride in their country."

Bryant, who turned 31 recently was born in Penticton, B.C., but in 1976 he moved to Ontario for various reasons.

"Basically I moved here (Peterborough is his

home) because this is where the music industry is, and because of my desire to learn more about Canada — and Ontario is the centre of Canada."

He sings songs of Canada, from coast to coast, of the Rocky Mountains, of conservation of many things — but all songs are enveloped in nationalism.

"I sing about what it means to be a Canadian — and as Canadians we must get involved with the wilderness because most of Canada is wilderness."

Recognition and even fame is coming Bryant's way as he is gaining the admiration of both critics and audiences around the country.

2 injured in boating accident Friday at Kawagami Lake

DORSET — Two Mississauga men are in satisfactory condition in Huntsville hospital following a near tragic accident on Kawagami Lake.

Last Tuesday at 1:45 am, George Smirnov 21, and George Fedosson 20, were heading across the lake to the Smirnov cottage in a 17 foot vessel powered by a 150 hp outboard motor.

Apparently the vessel struck an unnamed island and collided with a pine tree about 15 feet onshore. The tree then fell over the vessel pushing it back into the water with the two occupants.

A neighbouring cottager heard the cries for help and towed the vessel and two men to the Old Mill Marina where they were taken to hospital.

Smirnov suffered a fractured vertebrae in the accident and Fedosson, facial lacerations.

Building rehabilitation code is in the works, Davis says

The Ontario government has taken the first step toward establishing a rehabilitation code to facilitate renewal activities across the province, Premier William Davis announced recently.

Davis told more than 1,400 delegates at an international forum in Toronto on community renewal that a group is being set up to study all aspects of a rehabilitation code or guidelines for renovation and rehabilitation activities.

The group will consist of provincial and municipal officials and representatives from professional associations and industry.

Davis said the renewal industry in Ontario was responsible for more than \$1 billion in activity last year and, if it is properly developed and encouraged, it could generate as much as \$3 billion in construction annually.

Housing Minister Claude Bennett, whose ministry sponsored the forum with assistance from some 20 other organizations, announced the establishment of a new unit in his ministry to oversee housing renovation and related fields.

Bennett also announced approval of

- A further allocation of \$20 million to the Ontario Home Renewal Program and an increase in the family eligibility ceiling from \$12,500 to \$15,500.

- An increase in the Main Street Revitalization Program municipal population limit from 30,000 to 35,000.

- Annual awards for excellence in renewal architecture, planning and construction, and annual fellowships for students in renewal research.

- Municipal Act amendments to further assist municipal business improvement areas.

- An "Ontario Renews" symbol to promote increased public awareness of and involvement in renewal activities.

- A community renewal resource centre, to be operational by August 1, 1980 which will contain publications and other material on all aspects of renewal. The centre will be in the ministry's library at 56 Wellesley Street West in Toronto.

Record Shop opens on Main Street, Minden

MINDEN — Another new business opened its doors on Monday morning on the Main Street of town. T & L Records and Tapes, owned and operated by Mrs. June Holland adds yet another attractive business to the downtown core. The store will handle the latest in disco, rock and western records and 8 track cassette tapes. Also available each week will be the top 30 tunes released by both CHUM and CFGM radio stations. Store hours will be 9-6 pm Monday to Thursday, Friday 9-9 and Saturday 9-6 p.m.

Province, builders join in renewal partnership

The Ministry of Housing and the Ontario Council of the Housing and Urban Development Association of Canada (HUDAC) are going into partnership on a number of community renewal and renovation activities, it was announced recently.

Housing Minister Claude Bennett, speaking in Toronto at an international forum on renewal, said the joint activities would include:

- Discussions with municipal officials on possible programs by all three parties to stabilize the renovation industry.

- Information programs, including a series of regional workshops to be held this fall on renovation issues from the viewpoint of municipal officials, builders and consumers.

Delegates to the forum, largest of its type ever to be held in Canada, were repeatedly reminded that renewal and rehabilitation of all types — particularly in residential and retail areas — is to be the major construction field of activity in the 1980s.

Laborative planning is the unifying theme of the new provincial initiative to make better use of Ontario's resources.

"It is our invitation to other ministries, municipalities and the private sector to work together with us in renewing Ontario's communities," Bennett said.

- Training municipal officials and builders involved in renovation.

Bennett said representatives of his ministry and HUDAC have been developing the program since January when they reached initial agreement that the two agencies should work together to stimulate renewal and conversion of housing in the private market.

Lindsay Jrs. down Hustlers 3-1 in Woodville tourney final

WOODVILLE — This past weekend here the local Merchants held their annual fastball tournament, with eight teams competing for championship and consolation hardware.

The Minden Rockcliffe Hotel Hustlers took part and made it all the way to the finals before falling 3-1 to the Lindsay Billings Mercury Jrs. The Hustlers opened the tournament against host Woodville and came up with an exciting 4-3 victory.

Woodville broke on top in the bottom of the fourth inning when B. Ferguson doubled and scored on a single by Stu Higham. The Hustlers got to Higham in the top of the sixth for three runs when Neil Burk reached first on a perfect bunt, Bob Johnston and John Welch followed with singles and then winning pitcher Jack Snell doubled home Burk and Welch. Dave Dollo then came to the plate and singled home Johnston. In the 7th the Hustlers scored the winner when Burk was hit by a pitch, stole second and scored on Welch's single.

In the second game for the Hustlers they tangled with arch rival Fenelon Falls. They scored a 3-2 victory to advance to the finals. Crag Stamp was not only the winning pitcher in this game but he also scored the winning run with a homer to break a 2-2 tie in the sixth.

Brian Shaw led off the first inning with a walk and scored on a single by Jack Snell. Fenelon's P. Phillips evened the count at 1-1 in the bottom of the inning when he doubled and scored on a single by Danny Burns.

In the 2nd Mark Snell singled and scored on another one-bagger by Brian Shaw and it was 2-1 Hustlers. Fenelon came right back in the third to tie it 2-2 when Jamieson doubled off Stamp and scored.

In the championship game, Snell faced the very talented hurler from Lindsay, Jeff Hutton. Snell entered the game without a loss this season while Hutton had one.

Lindsay opened the scoring in the first when fleet-footed Mike Lafete led off the game with a double. He was brought home when Currins singled

OFPBA incentive awards

The Ontario 5 Pin Bowlers Association has distributed the results of their 1979-80 Incentive Award program.

Hamilton and District Bowlers Association won the Association of the Year award, led by president Arnold Witley. Hamilton accumulated 1330 points, with Windsor's association finishing second while the local 1000 Lakes association finished just 13 pts behind Windsor to take third with 1152 pts.

Evelyn Wood of Hamilton was the Secretary of the Year with 203 pts, Lois Bailey of 1000 Lakes and Bancroft was sixth out of the 24 Zones with 121 pts. Gord Naylor of Windsor was the Treasurer of the Year with 255 pts. Ross Wilson of 1000 Lakes was fifth with 214 pts.

Karen Gumbert of Hamilton amassed the most points in the tournament division to win Tournament Chairman of the Year with 134 pts. Ron Robinson of 1000 Lakes and Minden was fifth with 108.

There was a tie for the Awards Chairman of the Year between Mary Osier of Hamilton and Bonnie Olynk of Huronia. They each accumulated 135 pts. 1000 Lakes' Bill Phillips of Bancroft, finished fourth with 129 pts.

Lorraine Murphy of Ontario Durham was the Membership Chairman of the Year with a total of 155 pts. Debbie Harding of 1000 Lakes and Minden was 9th with 115 pts.

Ron Lott of Agincourt was the Lottery Chairman of the Year, collecting 155 pts. Shirley Wilson of 1000 Lakes and Fenelon Falls was 11th with 90 pts.

to right.

The Hustlers tied the game at 1-1 in the sixth when Brian Shaw drew a walk, stole second and scored on a ground out by Barry and an error by the Juniors. However, the Hustlers returned the favour of an error in the bottom of the inning to give Lindsay two runs to wrap up first place.

Snell suffered his first loss of the year, giving up three runs, only one earned on nine hits and fanned three. Hutton got the win, yielding one run on five hits, walked three and struck out five.

Don Russels of St. Clair was the Certification Agent of the Year with 110 pts. Ross Wilson of 1000 Lakes and Fenelon with 11th with 80 pts.

Joan Deyell of 1000 Lakes was an easy winner for the third time in four years as Publicity Chairman of the Year, amassing a record for this post of 235 pts. Gary Burkholder of Conestoga accumulated 70 pts to become Record Scores Chairman of the Year. Judy Lavoy of 1000 Lakes and Bancroft, was in a three-way tie for 2nd place with 60 pts.

MUSKOKA — At the recent Convention of the Ontario 5-Pin Bowlers Association, Joan Deyell of the 1000 Lakes association was presented with the Publicity Chairman of the Year award by president of the OFPBA, Jack Hales.

Snell tosses 4 hitter, Hustlers win 1-0 over Woodville Merch.

Snell tosses four hitter, hustlers win 1-0 over Woodville Merch. — On Tuesday evening the Rockcliffe Hotel Hustlers travelled to Woodville to take on the Merchants in a game, if won by the Hustlers would clinch first place in the fastball league.

The game turned into a classic pitchers duel as the Hustlers Jack Snell and Merchants Stu Higham matched one scoreless inning after another until the top of the sixth, when Hustlers got their winning run to win the contest.

Brian Shaw led off the sixth with a single, stole second, went to 3rd on a fly-out by John Welch and then scored on a deep fly ball by brother Barry.

Snell picked up the win, his 9th against no losses, allowing Woodville just four hits and fanned nine. Higham took the loss, giving up one run on six scattered hits and fanned six.

The Hustlers meet Bobcaygeon Brewers tonight at 8 pm at the ball park in Minden.

\$555,000 in Ontario Home renewal grants awarded

Grants totalling \$555,000 under the Ontario Home Renewal Program (OHRP) have been allocated to 15 municipalities, Housing Minister Claude Bennett announced recently.

OHRP provides per capita grants to Ontario municipalities to administer directly as loans to homeowner occupants to repair their houses to an acceptable municipal minimum standard.

The grants announced, represent various portions of the total 1980-81 funding designated under OHRP for each municipality.

The prime objective of the program is the correction of faulty structural and sanitary conditions and the upgrading of plumbing, heating, insulation and electrical systems of the owner-occupant's home.

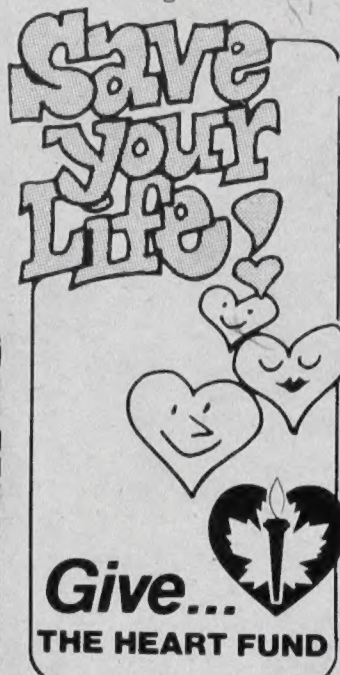

OHRP funding is currently provided to assist homeowners with a maximum annual income of \$12,500. Bennett recently announced a proposal to raise the income ceiling to \$15,500.

Loans of up to \$7,500 can be given to eligible owner occupants to bring their homes up to the standards adopted by their municipality. A portion of the loan can be "forgiven" depending upon the income of the recipient. Interest rates vary from zero to eight percent, again depending on income.

OHRP extends home renewal possibilities to owner-occupants in any municipality in Ontario, urban or rural, which has adopted a minimum housing standards by-law or a resolution setting such standards.

Scenic cruises add zest to Ontario's summer fun

by Mark Harling

TORONTO — You may never get to go on a salt water cruise aboard a luxury liner, but if you can settle for the freshwater kind, On-

tario offers 25 excursions and cruises to enliven your summer fun.

Located in widely scattered regions of the province and tailored for family budgets, the cruises are listed in

a handy brochure prepared by the ministry of industry and tourism. And included in the information, besides rates, trip duration and departure times, is a brief description of the route to be

covered and what the passengers will see.

All of the cruises offered in Ontario have their own distinctive charm. For example, passengers on a cruise through the Thousand Islands area will enjoy a magnificent panorama as can be found anywhere in North America. The Thousand Islands extend from Kingston to Cornwall in South-Eastern Ontario.

The two main boarding points are Kingston, with its show boat style "Miss Kingston II"; and Gananoque, where numerous island cruises are offered by Gananoque Boat Lines and other companies. Many of the islands you'll pass contain the beautiful summer retreats of the rich and the famous.

Those in search of some excitement can find it on the legendary "Maid of the Mist," which ventures into the very cataract at Niagara Falls. Or, for the really adventurous, there is a cruise out of Moosonee on the Moose River, aboard the "Shipsands," to the edge of the Arctic Ocean.

At North Bay you can board the "Chief Commanda" for a relaxing one-day or half-day cruise on picturesque Lake Nipissing and the upper French River, discovered by the explorer Samuel de Champlain in the early 17th century.

For the romantic, there is a cruise aboard the "Cayuga II" to Niagara-on-the-Lake, where you can

catch a Shaw Festival play. The "Cayuga II" offers two trips daily and a moonlight cruise against an illuminated Toronto skyline, with a buffet dinner and dancing.

At Kenora, the "Argyle II" will take you on a memorable two-hour trip past countless islands in the Lake of the Woods.

At Thunder Bay, you can choose between the "Mary Ethel" or the "Welcome" for a sightseeing cruise of the city's harbor, which ranks as the world's largest freshwater port. The "Welcome" also sails on a round-trip morning cruise to Fort William Historical Park.

Farther south on Georgian Bay, one of the most delightful trips you'll ever take is aboard the "Island

Ontario offers 25 summer cruises but the most storied one of all is through the Thousand Islands of the St. Lawrence River, a region of rare scenic magnificence.

Queen" through the gorgeous 30,000 Islands. As an alternative, there is the "Georgian Queen," which features a cruise to historic Champlain's Landing and the Naval and Military Establishments at Penetanguishene.

There are also cruise boats plying the Muskoka Lakes. One of the most popular is the "Lady Muskoka," which cruises, appropriately enough, on Lake Muskoka. The four-hour cruise lets

you view palatial summer island homes, resorts and numerous local landmarks before docking at Gravenhurst.

A trip to Ottawa, Canada's capital, is greatly enhanced by a 90 minute cruise of the Ottawa River on the diesel double decker "Paula D," which offers exquisite views of the national capital, nearby logging operations and paper mills.

Also out of Ottawa is a cruise on the historic Rideau Canal aboard the "Miss S.B.J." or the "Ottawa Queen," a 1½ hour trip taking in scenic Dow's Lake, the Central Experimental Farm, (offering 1,200 acres of gardens and fields, and a horse-drawn wagon tour)

and Carleton University.

In addition to all of the above, there are other very worthwhile cruises out of Brantford, Haliburton, Lancaster, London, Portland, Port Stanton, Sault Ste. Marie and Tobermory. All are included in the Ontario Cruises booklet.

For your free booklet, along with other useful information for an Ontario vacation, write: Ontario Travel, Dept. G.K., Queen's Park, Toronto M7A 2E5, or call collect (416) 965-4008.

**Canadians saving more
as living costs jump**

By Frank Kaplan

Canadians have a worldwide reputation for being careful with their hard-earned dollars.

To most of us, that view held by others seems difficult to understand. We look in our own pockets and sometimes come up with more fluff than hard cash.

Still it's difficult to quarrel with some cold statistics.

For example, it's hard to believe but definitely true there are more personal savings accounts in Canadian banks than there are Canadians. At that, the more than 25 million of such individual accounts doesn't even take into consideration savings accounts in trust companies, co-ops and caisses populaires.

Even when inflation is considered, the cash amount in these bank accounts has grown phenomenally in recent years, just about doubling over the latest five years to reach almost \$70 billion. That works out to an average of around \$2,700 -- not exactly the savings of big-time financial wheeler-dealers.

One surprising fact is the jump in savings most recently when costs of everything we buy have been rising. Government statistics indicate the rate of savings was at 12% of personal disposable income in mid-1979 which is four times as high as in the United States and about a 20% jump from the pattern of the past few years.

Calculation of that savings proportion of personal disposable income would include "savings" made when you pay down part of the mortgage, pay off a bank loan or a car. You may still feel you owe too much money, but the fact that you are chewing away at your obligations does represent savings.

Another source of savings that doesn't show in those bank savings accounts is money invested in savings pools such as Retirement Savings Plans. People in the financial business say their sales of RSP's boomed early this year, just before tax time, as Canadians did some astute personal financial planning to defer part of their income taxes.

One indicator of how people save through investment shows up in the most recent statistics compiled by The Investment Funds Institute of Canada. In the first quarter of 1980, sales by Investment Funds Institute members jumped 90% at \$250 million when compared with sales in the first three months of 1979.

"The first quarter normally is the busiest period of the year as Canadians set aside contributions to Registered Retirement Savings Plans," noted Keith A. Douglas, Institute president. "But this year has been unusually active for the industry". It's interesting to note also that the increases in the rate of inflation has worried savers to the extent that they are obviously seeking saving alternatives. The statistics illustrate dramatic evidence of this -- sales of equity funds (those invested in common shares) jumped by a remarkable 244% over 1979.

And we haven't even had a chance to look into tea pots and piggy banks or what might be tucked underneath mattresses.

Norton announces Waterloo region as site of fifth local Children's Services Committee

Ontario Minister of Community and Social Services Keith C. Norton announced the selection of the Regional Municipality of Waterloo as the location of the fifth local Children's Services Committee for the province.

Formation of the first four committees was announced by Mr. Norton in August of 1978. They are located in the Regional Municipality of Niagara, the City of Windsor and the County of Essex; and in the counties of Hastings and Prince Edward.

Mr. Norton said, "I am announcing the selection of the Regional Municipality of Waterloo as the site for a

municipal model of a Children's Services Committee. This approach entails having a committee composed of elected municipal officials. Following extensive review of the submission received from the Region, I am pleased to note that all signs are most positive for successful inauguration of this model."

As was the case with the initial four committees, the Ministry will provide 100 per cent funding for the Waterloo committee while it is in its developmental stages. At the same time, the municipality also will be contributing some services.

In its initial stage, the committee will be primarily

concerned with information gathering and the performance of a general advisory role, with responsibility for advising on the care of hard-to-place and hard-to-serve children. The second stage of its development will be to perform planning duties based on the information gathered, developing local priorities for program development and reviewing budgets of all children's services in its area.

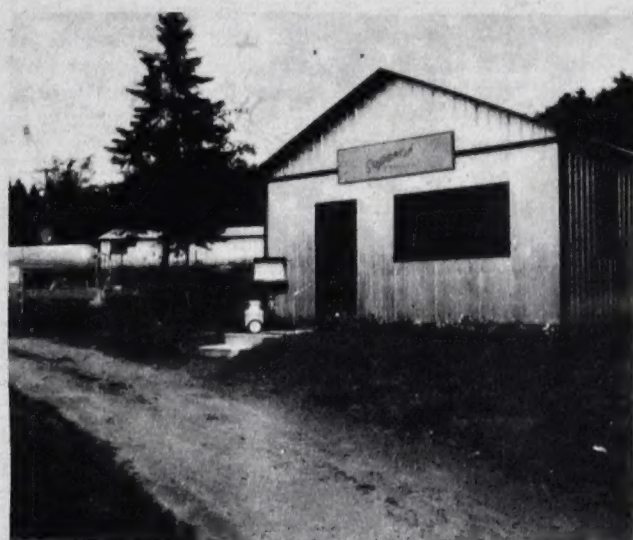

Once it has had sufficient experience with these responsibilities and has increased its competency, the committee will assume the final responsibility and au-

thority for ensuring that a full range of required services is available in the community. This will include responsibility for a review of programs and the allocation of funds.

At this time, two of the four original committees, Windsor-Essex and Hastings-Prince Edward, already have moved into the second stage and the other two are expected to do the same, shortly. It is also expected that all four committees will be in a position to advance into the fully operational third stage in approximately 24 months.

"The Regional Council of Waterloo has shown not only a willingness to encourage the development of children's services in Waterloo Region, it has demonstrated, as well, its intention to work closely with the providers and consumers of these services to assure all its citizens are treated in an effective and equitable manner," Mr. Norton said.

The Minister concluded, "I'm confident the Waterloo Region Committee will maintain the same satisfactory schedule of progress as the first four committees."

BUSINESS ENJOYS STEADY GROWTH — Henry and Liz Alrutz owner-operators of the Corner Store in Minden have recently enlarged their business with the appointment of Mr. Alrutz as the area propane dealer. A new steel building was erected last month to accommodate gas appliances and heating equipment which he sells. The propane supply tank can be seen in the photo above in a neat, enclosed yard for customer pickups.
